

ESTA [®]
PARKET
TOP QUALITY. VARIED DESIGNS

Technomar & Adrem AS is a Family Owned Company founded in 1991.

It has 6 factories located on the same territory: plywood processing, furniture components, hardwood flooring, etc.

Hardwood flooring division was founded in 2005 and ESTA Parket brand was born in 2006.

ESTA Parket takes great pride in producing top-quality wood flooring that complies with all European quality standards. Since the birth of ESTA Parket brand in 2006, our products have been sold in over 72 countries worldwide.

Our wood flooring is made using a variety of wood species, including oak, ash, merbau, and walnut, and we offer a rich selection of colors, textures, and decorative treatments to choose from.

OUR VALUES

★ PRODUCTION UNDER ONE ROOF

All the stages of production are located in our state-of-the-art facility. From sourcing the raw materials to the finished product, everything is done in-house, ensuring quality control and consistency.

★ 100% WOOD

At the heart of our flooring is 100% wood. We believe that natural materials are not only better for the environment but also provide a warmth and character that cannot be replicated.

★ AS IN PURE NATURE

We understand the importance of indoor air quality, which is why our flooring is designed to have low VOC and formaldehyde consistency, just like in nature. This means that our products are safe and healthy for you and your family.

★ SUSTAINABLE DEVELOPMENT

We take our commitment to the environment seriously. That's why we have implemented responsible and transparent solutions throughout our production process, from sourcing of material to disposal of waste. We believe that sustainable development is the key to a better future, and we strive to make a positive impact on the world through our products and practices.
