SPOTTED GUM

PRODUCT OVERVIEW

Spotted gum is one of Australia's premium native hardwoods with a striking appearance and a high degree of natural durability and strength, making it an ideal timber for a variety of structural, exterior and interior applications. Architects and designers throughout the world value spotted gum timbers for their back-sawn grain structure, attractive markings and vibrant colour palette.

The species referred to as spotted gum vary in appearance but not in durability class or other properties. The heartwood ranges from light brown through to dark red-brown hues. Sapwood is usually white to light brown in colour. The presence of a wavy grain can produce an attractive fiddle-back figure.

PRODUCT DETAILS

Matte Brushed

STRUCTURE Engineered
SURFACE FINISH Matte UV Oil
EDGE Square
THICKNESS 14mm
WIDTH 180mm
LENGTH Random up to 2.2m
PROFILE 5G Licensed Click System

Satin

STRUCTURE Engineered
SURFACE FINISH Lacquer
EDGE Square
THICKNESS 14mm
WIDTH 130mm | 136mm | 180mm
LENGTH Random up to 2.2m
PROFILE 5G Licensed Click System
and Tongue and Groove

Character Grade

STRUCTURE Engineered
SURFACE FINISH Lacquer
EDGE Square
THICKNESS 14mm
WIDTH 130mm | 180mm
LENGTH Random up to 2.1m
PROFILE Tongue and Groove

FEATURES

PREMIUM EUROPEAN COATING.

GENUINE AUSTRALIAN SPECIES TOP LAYER.

STABILITY ENHANCING PLYWOOD BASE.

ENGINEERED FLOORING METHOD MINIMISES USE OF NATURAL RESOURCES AND MAXIMISES INSTALLATION VERSATILITY.

UV CURED FINISH IS EASILY MAINTAINED AND HARD WEARING AT THE SAME TIME.

STRONG SUITABILITY TO THE AUSTRALIAN ENVIRONMENT.
